

Low Stress Cattle Handling Workshop

Supporters:

Whitewood Auction Service
Canadian Agricultural Safety Association
Agricultural Health and Safety Network

Thursday, February 11, 2010
Time: 9:30 - 4:00
Whitewood Auction Service

The Agricultural Health & Safety Network focuses on the value of farm safety for farm families as a way of reducing injuries and fatalities in Saskatchewan agriculture.

Workshop:

~Low Stress Cattle Handling results in a manageable herd, reduced shrinkage at shipping, less stress, and increased safety for the handler

Reg Steward

Reg Steward is a rancher and the B.C. Provincial Ranching Consultant to FARSHA (B.C. Farm and Ranch Safety and Health Association)
